

## SYSTEM OF EVALUATION AND AWARD OF DEGREE

1. Based on the aggregate of marks obtained through internal assessment and external assessment, each student is awarded a final letter grade at the end of the semester, in each Course. The letter grades and the corresponding grade points, as recommended by UGC, are as follows:

Letter Grade	Grade Points	Normalized Mark range for UG/DIPLOMA/M.Sc./MBA	Normalized Mark range for PG
O (Outstanding)	10	90-100	95-100
A+ (Excellent)	9	80-89	90-94
A (Very Good)	8	70-79	80-89
B+ (Good)	7	60-69	70-79
B (Above Average)	6	50-59	60-69
C (Average)	5	40-49	50-59
D (Pass)	4	35-39	NA
F(Fail)	0	<35 Failure due to insufficient marks in the course OR Failure due to non-appearance in examination (Ab-Absent)	<50 Failure due to insufficient marks in the course OR Failure due to non-appearance in examination (Ab-Absent)
		For M.Sc. & MBA : <40 Failure due to insufficient marks in the course OR Failure due to non-appearance in examination (Ab-Absent)	

### Passing Criteria for Practical/Viva/Term-work:

- For all UG/Diploma/M.Sc./MBA Programs passing criteria is **40%** of total marks of Practical/ Term work/Viva.
- For PG Course programs passing criteria is **50%** of total marks of Practical/ Term work/Viva.

**For non-credit courses ‘Satisfactory’ or ‘Unsatisfactory’ shall be indicated instead of the letter grade and this will not be counted for the computation of SGPA/CGPA.**

A student is considered to have successfully completed a course and earned the credits if he/she secured a letter grade other than **F or Ab or I** in that course. **A letter grade F or Ab or I in any course implies a failure in that course.**

A course successfully completed cannot be repeated.

## 2. Computation of Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA)

- (i) The SGPA will be calculated according to the formula

$$SGPA = \frac{\sum_1^n C_i \times (GP)_i}{\sum_1^n C_i}$$

Where  $C_i$  = credit for the  $i^{th}$  course,  $(GP)_i$  = the grade point obtained for the  $i^{th}$  course,  $n$  = total number of courses and the sum is over all the courses taken in that semester, including those in which the student has secured F grades.

- (ii) For the cumulative grade point average (CGPA) following formula is used:

$$CGPA = \frac{\sum_1^r S_i \times (SGPA)_i}{\sum_1^r S_i}$$

where  $S_i$  = Sum of credits in  $i^{th}$  semester,  $(SGPA)_i$  = Semester Grade Point Average earned in  $i^{th}$  semester and  $r$  = number of semesters and the sum is over all the semesters under consideration.

- (iii) The SGPA and CGPA shall be rounded off to 2 decimal points and reported in the transcripts.

## 3. Conversion of grades into percentages and Equivalent Class/Distinction

Formula for conversion of equivalent percentage of CGPA as follows:

$$\text{Percentage marks} = (\text{CGPA} - 0.5) \times 10$$

Category	CGPA	Class / Distinction
Students who successfully complete the program	Below 5.5	Pass
	5.5 and above	Second Class
	6.5 and above	First Class
	7.1 and above	First Class with Distinction

**For all Courses, where duration of the course is more than 2 years, the degree shall be awarded to the student on the basis of CGPA (Cumulative Grade Point Average) of last four semester's performance in the exams.**
